Due to an Executive Order issued by Governor Greg Abbott, our office is currently not seeing patients for routine appointments.

Dr. Pointer is seeing patients on an emergency basis and these appointments are being handled on a case by case basis. For example, If you are in pain, if you are swollen, if you've had an accident or any type of dental trauma, or if you've lost a temporary restoration or have had a crown come off, please contact Dr. Pointer. After speaking with you, he will determine if what you are experiencing requires an office visit.

We are doing our part to help keep our patients healthy and out of pain but also helping to keep our patients out of the physicians' offices, the urgent care centers, the Emergency Room and lastly any hospital for issues related to your oral health.

If you are instructed to come to the office, please do not bring anyone into the office. All guests of the patient will be required to wait in their vehicles. Do not bring children of any age with you to the office unless the child is the patient.

If you have any questions whatsoever, please call the office at 817-737-2531 or Dr. Pointer on his cell 817-262-7970.

We are here to answer your questions and your concerns.
